WARNING!

FARMERS—DO NOT BE SWINDLED

Following up the warning The Western Globe published two weeks ago with reference to an American Hog Co. selling Chester White sows throughout Alberta, with a guarantee to buy back all sows from first two litters, we have just received a police report on the working of this company, and will publish same in full next week. In the meantime, farmers are warned to hold off buying until they see the report, and if interested may see police report at this office. An agent is now working this district. If you buy, you are stung. Phone the Western Globe if this agent is in your district.

CELEBRATE EMPIRE DAY

Arrangements were made by Mr. J. S. Jonason, Principle of the Lacombe School for the holding of a most interesting and patriotic program in celebration of Empire Day. The visitors and students assembled in front of the school, with cadets in full uniform, and saluted the flag as it was being raised, after which they united in singing "O Canada." Gordon Sweet recited "Canadian Born" and Margaret Aldwinckle gave a quotation from the speech of Lord Dufferin, and the school again voiced their love of country in "The Maple Leaf." On behalf of the I.O.D.E., Mrs. H. M. Jones, Hon. Regent, presented the school with several historical books for the library, these being the "Story of Canada" in three volumes. Mrs. Jones stressed the necessity of learning to become good citizens and to this end emphasized the value of reading history from which can be gained a knowledge of one's responsibilities and privileges. Mr. Jonason replied on the behalf of the school with a few appropriate remarks thanked the I.O.D.E. for the very fitting gift.

Dr. E. M. Sharpe then unveiled the plaques which were presented by the Department of Education in commemoration of the Jubilee of Confederation. During the course of his remarks, Dr. Sharpe commented upon the marvellous changes which had taken place in Canada since Confederation and gave the girls and boys some idea of what the schools were like fifty or sixty years ago, urging them to make the best possible use of their opportunities while at school, that they might do well in their future careers. The program closed with the singing of God Save the King.

THE BIG CELEBRATION

Arrangement are being completed for the grand celebration to be held here on July 2 and 3, under the auspices of the Elks. The committees are busy getting the attractions lined up, and those in charge of the stampede report that they have secured the bucking horses, steers, and riders for the event, and are now trying to locate some wild cows for the milking contest. Monday, July 2, will be Children's Flag Day, when every child in town and country will be presented with a flag; and in addition, each child will be presented with a ticket entitling them to free refreshments provided at a booth being specially equipped for their convenience. It is the purpose of those in charge of the celebration to present a program that will please young and old, full particulars of which will appear in future issues.

CALGARY BUSINESSMEN HERE

The contingent of Calgary businessmen on their "Get Acquainted" tour throughout Central Alberta, arrived in Lacombe about 9:30 Tuesday evening, and were entertained by Lacombe citizens for an hour in the Elks Hall. Acting Mayor Jones, who is also president of the local Board of Trade, welcomed the visitors in a very appropriate address, which was responded to by T. M. Carlyle, president of the Calgary Board of Trade. A few other members of the visiting party also gave short talks, and urged Lacombe citizens to visit Calgary in the near future where they would receive a warm welcome. All members of the party were greatly impressed with our district, and the signs of prosperity evident. Hearty left for the east on Wednesday morning.

On Wednesday morning a trip was made to the Dominion Experimental Station, where Mr. F. H. Reed, Superintendent conducted the guests over the farm showing them the different points of interest, and an inspection of the golf course was also made before they departed upon the next lap of their journey.

AT THE REX
Thursday, Friday, Saturday
"CHANG"

"Chang" contains, among other virtues, the most thrilling scene in photoplay history—the moment where in a maddened herd of stampeding elephants plunge through a Siamese village. It is questioned whether any other dramatic entertainment can supply the primitively moving equal of this scene. If you think you have troubles, go to see "Chang" and you will come away feeling that these are pigmy matters compared to the tribulations of the jungle pioneer trying to establish a home for his loved ones. If you haven't any troubles—and just want some thrills, go to see "Chang" and you will get them plenty.

Monday and Tuesday
Richard Dix in "Easy Come—Easy Go"
Giggles galore coming quickly. Hang on with both hands and watch this up-to-the-minute American humor master change the world from blue to gold. He's an honest-to-goodness hunter for trouble, but he has that optimistic twist that turns clouds to sunshine. He manages to crawl out of the tight places with a great deal more than he had when he crawled in. Richard Dix in the new masterpiece of sympathetic, human humor—and a rollicking romance too.
Big special matinee for the children at 2:30 Saturday at the Rex. Every child should see this wonderful picture. Admission 10c.
McLaren-Maddell, prize fighters will be shown at Rex on June 13-14.

LOCKHART NEWS

Last week was rather disastrous for Lockhart district.

Little Andrew Deak, 2 years 5 months old was kicked on the head by a horse last Saturday evening while Mr. Deak was doing chores. Dr. Henry was immediately called, but after seeing the child he could give the parents little hope of saving him. However he was rushed to the Bentley Hospital where Dr. Henry and Dr. Hynes did everything possible for the child, but he died a few hours later. The remains were laid to rest in the Bentley cemetery. The sympathy of the whole community goes to Mr. and Mrs. Deak.

The demonstration and lecture conducted by Miss Pokatella was considered the best the W.I. have ever had. Miss Pokatella has been asked to demonstrate at Lockhart again next year. The lecture was on pictures, color combinations, arrangement of furniture and batak work. The demonstration on recovering furniture and making curtains.

The W. I. wish to announce that the prize they offered for the best miscellaneous exhibit by any women's organization has had to be changed to the best exhibit of Community Progress. For the benefit of those exhibiting, the Rimbey Fair Board will allow a space of six feet for each exhibit. The next W.I. meeting will be held at Mrs. Layton's on June 6th. Mrs. J. Jaffray and Mrs. Wm. Jaffray, left for Calgary on Tuesday to attend the W.I. Convention which will be held in the Palliser Hotel. Mrs. Fraser and Mrs. Reed are both under the doctor's care this week. Leonard Beddoes Jr., had an operation for appendicitis last Sunday, May 20 at the Bentley Hospital.

Jessie Malcolm had an appendix operation on May 25. Both children are doing as well as can be expected.

Mrs. L. Beddoes was staying in Bentley for several days last week to be near her son who was very ill.

Mr. C. R. Doty bought a new Star car.

The Junior U.F.A. are putting on their play, "Always in Trouble" at Gilby on June 8th. Don't miss his show—it's a good one.

Mr. Geo. Beddoes is attending the bull sale in Lacombe this week. He took in an Angus bull for the sale.

Mr. and Mrs. Grover Robson and Mr. and Mrs. Gavin Caldwell attended the dance at Alfred Vig's on Saturday night.

Mr. Wyanchio of Ponoka, visited his son at the Wyanchio Fur farm over Sunday.

Mesdames Craig, Kincheloe, Ellsworth, Stoner and Riddle visited the Lockhart W.I. on Saturday and enjoyed Miss Pokatella's lecture.

On Sunday, Mr. and Mrs. Banks of Lacombe visited their parents Mr. and Mrs. Caldwell. Mr. and Mrs. Gavin Caldwell returned with them to Lacombe where they will go by train to their homestead in Peace River.

N. A. Palm and family visited John Erickson on Sunday.

Miss Lett spent the week-end in Lacombe.

Mr. and Mrs. Joe Berchell and Mr. and Mrs. Grover Robson, spent Sunday at Carl Gellin's.

Mr. and Mrs. Reed spent Sunday with Mrs. Reed's son Mr. Paul Pearson.

Don't forget the big dance on June 1st at Lockhart Hall. Music by the Harmonizers.

5 of the reasons why McLAUGHLIN-BUICK will serve you Better and save you More!

NOT only does today's McLaughlin-Buick excel in smart, low, dashing lines—in vivid new color harmonies—in luxurious upholstery and appointments—but it sweeps far ahead of its field in those vital engineering factors which mean greater comfort—greater performance—greater economy—and greater value.

In Most Cars—the springs have to serve a double function—to drive the car and to cushion the load.

In Most Cars—water, mud and dust can work their way into moving parts causing excessive wear, engine stalling and other troubles.

In Most Cars—vibration is merely dampened by means of additional bearings or other inadequate devices.

In Most Cars—quality is often sacrificed for price, or prices advanced to permit fine quality.

In Most Cars—the dealer's delivered price, including the delivery or handling charge, to the buyer—is not rigidly fixed by the factory behind the car.

In McLaughlin-Buick—the springs have only one function—to cushion the load—and naturally are designed to provide much finer riding qualities.

In McLaughlin-Buick—the Sealed Chassis and Triple-Sealed Engine absolutely prevent these troubles. All vital parts are enclosed in dirt-proof, dust-proof, water-tight housings.

In McLaughlin-Buick—the scientifically designed Valve-in-Head Engine, counter-balanced crankshaft and finely balanced units throughout result in performance vibrationless beyond belief.

In McLaughlin-Buick—tremendous demand makes possible both high quality and moderate price—and therefore unrivaled value.

In McLaughlin-Buick—the lowest possible delivered price, including the delivery or handling charge is definitely established by the McLaughlin-Buick factory. Thus McLaughlin-Buick quality is provided to McLaughlin-Buick owners everywhere at lowest cost.

Hot Dogs Ahoy!

German cats and German beer tickled hundreds of palates. In Montreal, when this German freighter, the Lahn, ended her maiden Atlantic voyage in May and opened the North German Lloyd Company's new Canadian freight service to German ports. Guests were loud in praise of Captain Alfred Lehr (inset) skipper of the liner, and his two new craft. She is 12,500 tons deadweight, has luxurious officers' quarters, does 15 knots per hour, has 9 hatches and is right out after the Canadian trade with other liners of the German company. Goodwill and efficiency overwhelmed the most reticent guests as they heard Captain Lehr's address in clear English. He was formerly of the German air force.

MONROE DOCTRINE CROPS UP

While the text of the communication addressed to the powers by Mr. Kellogg proposes a treaty without reservation to outlaw war, the American Secretary of State is unable to count on anything like general support at home for this policy. Lead-

ing American newspapers are already invoking the Monroe Doctrine as one of the reservations which the United States should consider before anything like a final draft is drawn up. The British reply to Mr. Kellogg's note is apparently being well received by the States, but that reply em-

phasized that "there are certain regions in the world the welfare and integrity of which are vital to the British Empire, and the British Government can accept the new treaty only on the distinct understanding that it does not prejudice British freedom of action in protecting such regions against attack."

It is pointed out across the border that the United States occupies much the same position because of the Monroe Doctrine. As one American exchange observes, "that is a fundamental of United States policy which is excluded from consideration under arbitration treaties between the United States and other governments. By the same sign it should be defined in its relation to the Kellogg anti-war treaties." The question is raised what would happen if some foreign power should seize territory under the aegis of the Monroe Doctrine.

This objection to anything like a universal outlawry of war illustrates the difficulties in the way of the realization of Mr. Kellogg's dream. It is evident that public opinion in the States is not friendly to any proposition that would neutralize Uncle Sam's guardianship of the two American continents, Canada excluded. If this immense section of the world's land area is to be excluded from the proposed anti-war treaty, how can Mr. Kellogg expect France and other foreign powers to acquiesce in a one-sided arrangement which would give the United States a voice in the affairs of Europe? While the United States has refused to join the League of Nations, Britain and France and other powers have accepted oblig-

tions under the Locarno pact. These obligations will stand.

The outlawry of war is one of the basic aims of the League of Nations. The League has much to its credit in keeping peace in Europe in recent troubled years. What it has done it has accomplished without the official support of Uncle Sam. In view of this fact, the very friendly reception accorded to the Washington peace plan may be considered as indisputable evidence that Great Britain and the other European powers are genuinely interested in preserving peace permanently.

Leads Its Field in Style and Refinements

THE New Series Pontiac Six was designed and built in the belief that everybody admires style in a motor car.

So, in Pontiac Six, everybody can enjoy it! Beautifully-proportioned bodies that tell their Fisher craftsmanship at a glance... Long, low lines and deep, massive radiator design... Rich harmonies of color in exterior Duco and interior trim... Delightful evidence of luxury in upholstery and appointments... PLUS the smoothness of Pontiac's powerful "Six" engine... the safety of Four Wheel Brakes and the comfort of Lovejoy Hydraulic Shock Absorbers.

No wonder the New Series Pontiac Six literally leads its field in style and refinement. Prove it all for yourself by a demonstration.

EDMONTON GIRL KILLED WHEN AUTO CAPSIZES
Wetaskiwin, Alta., May 24—Mary Ostzyrnich, aged 11 years, was instantly killed in an automobile accident, nine miles south of Wetaskiwin, Thursday forenoon, and her father, N.

Ostzyrnich had his arm broken in two places, her mother received a badly hurt shoulder and other injuries, her little sister was slightly hurt, and a friend of the family, Mary Bannerman was slightly cut by glass. Mr. Ostzyrnich is manager of the Dominion Colonization Co., of Edmonton, and he was taking his family to Banff the week-end when the sad accident occurred. The injured were brought to the Wetaskiwin Hospital where their injuries were attended to, and Thursday afternoon were able to be

taken to their homes, although Mr. Ostzyrnich made the trip in an ambulance. The remains of Mary Ostzyrnich were removed to Moor's undertaking parlors, and were later removed to Edmonton by an undertaker from the Capital City.

Seeding is at last completed in this district and the crops are coming along in fine shape.

CLIVE NEWS
We are sorry to hear that Mr. Duffy's barn burned down last week. Mr. Harry Williams and family are moving into their new home, which they bought from Mrs. Higgins.

A serious storm passed over the Clive district last week, and there was a lot of hail and a hard wind. Several granaries were blown over.

Mr. Albert Hartle bought himself a Ford car. Mr. Ned Steves also bought a car.

Mr. and Mrs. Guest from Rimbey were down visiting in Clive last week.

Mrs. Axel Westling is having the Swedish Ladies' Aid June 6th. Everybody welcome.

Hanson Brothers move their stock into the Old McLeod Store building, across the street.

YOUNG DANISH FARM HAND DROWNED NEAR PONOKA

Andre Christensen, a young Danish farm hand, was drowned Sunday afternoon in Ramsey Lake, which is situated about seventeen miles North East of Ponoka. He and a companion were out boating, when a storm came up, capsizing their boat; the companion being fortunate, made shore in safety, and young Christensen, while attempting the swim was seized with a cramp, it is believed and went down before help could arrive. The two young men arrived in Alberta from Denmark on the 20th of last month, and since then have been engaged in farm work around Ponoka.

PHOTO STUDIO INSTALLS NEW EQUIPMENT

A new piece of machinery has been added to the Kodak Finishing Dept. of the Lacombe Photo Studio. This time a machine for straightening the prints, a process which takes a very short time and adds greatly to the appearance of the picture. Only a few months ago, a complete new printing and numbering, also enlarging and counting machines were installed. This is done that we might give you better service and better quality work at the same price. We solicit your patronage. Our Motto: "A satisfied customer our greatest asset." B. S. Cameron, Photographer, Lacombe and Ponoka, Alta.

Remember the regular Wednesday night dances, which are being held in the Vet Theatre. These dances are becoming more popular every week. JOFFRE NEWS

Mrs. E. Sawyer and infant son are in Joffre for a visit with her sister, Miss Countess Peters. Mrs. Sawyer has been quite ill. We hope the change will do her good.

The citizens of Joffre were quite excited on Sunday morning when they awoke and found a car had gone over the embankment on the railroad track in front of the section house. It belonged to a party of young folks who attended the show in Lacombe on Saturday night. Fortunately no one was

hurt, but Mr. Browner had a job for his team, to pull the car out for them.

We are sorry to hear that Hazel M. Joffre had the misfortune to break her arm while playing on a teeter totter at the school last Tuesday.

The Armstrong boys have their niece and nephew with them from Edmonton for a visit. Mr. Dave Armstrong went as far as Calgary to meet them.

The June show and dance held in the hall on May 29, was a great success.

The bridge gang is in Joffre now. There are several box cars and expect to be here about a month.

We are very sorry to hear that the little Whiteman boy has been very ill. All hope he will soon recover.

PAY FOR PRISONERS

General Hughes, the warder of Kingston Penitentiary, has made a proposal that, if adopted, should lead to a great change in the lot of prisoners in our jails and convict prisons, as well as assuring help to the dependent families of inmates of prisoners, undergoing punishment. This good and sensible proposal is that prisoner should be paid for their work and the money so earned should go to the support of prisoners families or to themselves to help them get started upon the return to liberty.

There is much to be said for the suggested plan. For one thing, it would serve to prevent men losing all their self-respect, as so often happens to the prison inmate. The very thought that a man's wife and children are deprived of his support tends to lessen the prisoner's respect for himself and causes him to lose heart and hope. For another thing, a prisoner would find a greater joy for working for wages than when performing the almost endless, and nearly always useless, tasks given him to do under present conditions. To know that the work he does has some value placed upon it, instead of being merely a time-killer given to keep him

occupied must help a man to feel he is still something of a man.

The whole theory of punishment by imprisonment is due for re-examination. Punishment if it be solely vindictive and punitive is useless for the purpose for which designed. Unless punishment aims at reforming men, rebuilding character and aiding men to desire to become good citizens once more it serves no useful purpose. It is at once un-Christian and uncivilized; barbaric beyond measure. Offenders against law who are paying the penalty for their disrespect of law and order are often so treated in prison to make them embittered against society and determined upon revenge. They become dehumanized frequently and the treatment they receive at the hands of society, makes them its enemies. This is not true in every case but in far too many.

Let all prisoners be treated with kindness, wisdom, and practical philanthropy, without in any way coddling them. Help them to go forth from jail determined to be better and do better, give them a helping hand after they leave prison, allowing no stigma of imprisonment to attach to them, and most so-called criminals can be re-deemed. General Hughes' proposal not only reflects credit upon himself, but will bring satisfaction and pleasure to all people who have "Kindness in another's trouble; courage in their own." Let the government act in this matter without delay.

Wheat Pool News Bulletin

The date of the cut-off for the 1927 Pool has been fixed for Monday, July 16th. All who have wheat to be delivered should see that it is in the elevators before that date. In past years members have gone past the cut off date and complained that they were not given sufficient notice. The Pool wants to make sure that the information is given wide publicity this year. July 16th is the cut-off date.

Members have until June 15th to send in their nomination for delegates. Nomination blanks are in the membership lists which recently were sent out. Each nomination to be valid must have the name of ten Wheat Pool members in the same sub-district as nominees. See to it that the man you want is properly nominated. Don't neglect this matter, and then when it is too late, complain about matters. The selection of delegates is a very important matter. The delegates are your representatives on the Pool organization. Their authority is supreme when it comes to a decision on Pool policies.

The International Wheat Pool Conference will be held in Regina for 3 days commencing June 5th. The Wheat Pool is planning on broadcasting the evening session of that conference on Wednesday, June 6th. On that evening the speakers will be: Hon. J. G. Gardiner, Premier of Saskatchewan, Hon. J. E. Brownlee, Premier of Alberta, Hon. R. A. Hoey, Minister of Education for Manitoba, Sir Thomas Allen, of the British Empire Marketing Board. It will be well worth your while to listen to these addresses on the evening of Wednesday, June 6th.

The Alberta Wheat Pool has established a Field Service, composed of the following members: A. D. Babick, of Vegreville; L. Normandeau, Westlock; Wm. Pettinger, Calgary; George Chard, Cluny; E. E. Eisenhauer, Lethbridge; Norman Nelson, Coaldale; N. P. Davidson, Calgary. The duties of this new department will be largely educational. They will assist in canvassing for new members, and will be able to give support to Wheat Pool locals and committees.

BUILT on a wheelbase of 107 inches—four inches longer than before swung low to the road and with its hood streaming back in graceful, unbroken lines to blend with contours of the Fisher bodies—the "Bigger and Better" Chevrolet is everywhere hailed as a car of outstanding distinction.

The new radiator is higher and narrower, and embellished with a large, flat, all-metal radiator cap. The hood is longer and deeper—vividly interpreting the greater stamina, sturdiness and fleetness of the new chassis. Windshield posts are slender and graceful, bodies are beautifully beaded and paneled, hardware is of period pattern, and roof-lines are smartly low.

Interiors, too, are impressively rich—with new upholstery, wide, restful seats, and a beautiful enclosed instrument panel—indirectly lighted.

Come, see this great new car—and you'll know why thousands have acclaimed it the world's most luxurious low-priced automobile.

The G.M.A.C. . . . General Motors' own deferred payment plan affords the most convenient and economical way of buying your Chevrolet on time.

EMPIRE DAY

We think of the twenty-fourth of May in Canada as Victoria Day more than as Empire Day. More and more however, around the British Empire the day is coming to possess an Imperial significance. The association of the name of Queen Victoria with Empire Day is fitting, too. It was the action of Lord Beaconsfield, first of the great Imperialists, in making the beloved Queen Empress of India that first turned the thoughts of the British people Empire-ward. The Queen whose name is kept fresh in our minds at this time of the year, herself possessed the larger vision. She not only saw a lovely little old England living under her gentle sway, but glimpsed the splendid vision of the far flung Empire we know today. It was her Diamond Jubilee celebration that first brought home the fact of Empire, in all its magnificence and potentiality, to the mind and soul of the British people at home in the Motherland.

Here in this oldest of Dominions of the Empire we celebrate May 24th, Empire Day, as loyally and sincerely as in any other part of the Empire. Perhaps we shall do so more fervently in future than ever. The attainment of complete equal status and its Imperial recognition, making Canada a sister nation of the Motherland rather than a daughter nation, will give an added and deeper joy to the sense of high Imperial destiny

that stirs our pulses at such times. In a very real sense we are still "daughter in our mothers house", though "mistress in our own", but it is more the appreciation of parental self-abnegation that moves us to deeply than the feeling of pride that we have won our nationhood. We are better children because the old folk have so ungrudgingly recognized our growth to man's estate. The ties that bind us to the Motherland are infinitely stronger to-day because they are deeprooted in love and tender affection. "Blest be the tie that binds."

What a wonderful thing this Empire of our is! There has never been any confederation of peoples like unto in the world's history. It is a grouping together of nations that have come out from an original stock, homing in a few little islands in the wild North Sea. To these have been added other, such as our French Canadian fellow-citizens in Canada and the Dutch in South Africa who, by reason of the larger liberty the British Empire confers on them, and the consequent higher relative position they occupy in the world's life, have become as loyally devoted to the Empire as the blood children of the mother country. Linked with these are Dependencies and Crown Colonies, all of which, it shall yet come to pass are to possess the full freedom within the Empire that the Dominions enjoy.

The secret of our strength is our freedom, of our growth our powers of self government, of our virility the

democracy which characterises our institutions. Let us all pause as Empire Day rolls around again to pledge in our hearts our loyalty to the Throne, our fealty to the Empire and our love for Canada, a love that shall inspire us to build a Canada worthy of the Empire and an Empire worthy of Canada.

THE NIGHTMARE OF PUBLIC LIFE

The strong protest uttered by Hon. E. J. McMurray, former Solicitor-General, against the "scandalizing of men in public life," explains why so many men in this country splendidly fitted by natural talents and successful business experience refuse to enter political life. They are deterred by the muck-raking and innuendoes which are still unfortunately associated with politics in Canada. It is true that there has been a marked improvement in recent years, but the Dominion still has much to learn from the Old Country in regard to the amenities which should be preserved toward men who are devoting themselves to public service, often at the sacrifice of personal fortune, and even health and comfort.

The charges in connection with the issuance of immigration permits have been flung wide and broad. Many high reputations have been assailed without foundation. Even a general charge against members of Parliament as a body has received credulous acceptance. The dignified denial of the

impatient disclaimer of Mr. McMurray should put an end to this particular line of defamation of public men serving their country with zeal and honesty.

It is a peculiar mentality that is ready to insinuate that once a man well-known and respected in his community has been honored by election to Parliament he becomes a grafter. To those acquainted with the personal side of any legislature, it is apparent that the most severe strictures and the most drastic punishment meted out to a member even resting under suspicion of wrong-doing emanate from his fellow members. In the parlance of the Motherland, anyone who fails to uphold the traditions of integrity and honor which surround all British law-making assemblies "is not playing cricket."

We have something entirely new in Ladies' Hat boxes; combination suit cases for Ladies and Gentlemen and the newest thing in 5 ply construction trunks. They are priced very low considering quality. Lacombe Furniture Store.

NEW HIGH COMPRESSION ENGINE

in the Fine Car of Low Price

develops 55 H.P. without special fuel

HIGH compression performance without the use of special fuel! Power generated in a smooth, constant flow—sparkling acceleration—power—speed for every emergency—high speed steadiness—marked economy! These are the performance qualities assured by the new, larger, high compression engine of the new Oldsmobile.

This great new power plant represents years of work and over a million miles of testing on the part of Oldsmobile engineers. They introduced a cylinder head of special General Motors Research design that permits high compression with ordinary fuels. They ribbed the crankcase and cylinder block horizontally and vertically to prevent distortion and maintain accurate bearing alignment.

They added such features of advanced engineering as crankcase ventilation, controlled cooling, pressure lubrication, oil filter, air cleaner, fuel pump, full automatic spark and thermostatic charging control.

Then, to provide fine car performance to an even more marked degree, they devised a new method of rubber mounting for the engine—new methods of silencing the chassis and the interiors of the smart new Fisher bodies. Drive the new Oldsmobile once—and you will know why its brilliant performance has become a matter of common knowledge—why thousands of buyers today are choosing Oldsmobile.

General Motors' own deferred payment plan . . . GMAC . . . affords you the simplest and most economical way of buying your Oldsmobile on time. O-26-5-100
